WHO WE ARE

WHAT WE BELIEVE

MISSION
Leveraging our Alliance to eliminate achievement gaps by providing equity of opportunity for all students to complete college degrees and credentials of purpose and value.

THE SCALING STANDARDS

Boosting college completion and closing achievement gaps requires an intentional focus on each of the following:

EQUITY
METRICS AND EVIDENCE
POLICY
COMMUNICATIONS
STRUCTURED IMPLEMENTATION

WHAT WE DO

CCA identifies high-impact, scalable interventions, known as the Game Changers, that drive results, and provides resources and structured implementation support to help Alliance Members scale these practices.

THE GAME CHANGERS

A BETTER DEAL FOR RETURNING ADULTS
ACADEMIC MAPS WITH PROACTIVE ADVISING
MOMENTUM YEAR
COREQUISITE SUPPORT
MATH PATHWAYS
15 TO FINISH
CCA works with Alliance Members to secure resources and move evidence-based strategies to scale, making the largest impact possible for students. Commitments are cultivated with key leaders to ensure the deepest level of personal investment. Then, working hand in hand with the Complete College Alliance Member’s team, CCA executes a highly-structured implementation plan, and amplifies the great work being done across the country.

### INITIATIVES

In addition to its current scale projects, CCA offers a variety of opportunities for collaboration in new initiatives that are expanding CCA’s reach and informing the evolution of the Game Changers.

#### PURPOSE FIRST
Guide students towards a well-informed choice of major by empowering them early on with labor market data and career outlooks. Currently, five CCA Alliance Members are involved in this project.

#### MINORITY SERVING INSTITUTION (MSI) INITIATIVE
A multi-year initiative to accelerate student success and degree completion at selected MSIs. Phase One focuses on implementing 15 To Finish at 25 participating institutions.

#### MOMENTUM PATHWAY SCALE PROJECT
Commit to scale Game Changer strategies sequentially to ensure students hit critical performance benchmarks in the first year, and provide ongoing support to sustain momentum through graduation. Currently, six CCA Alliance Members are involved in this project.
